

Press release 23 March, 2020

New CEO for Bio-Works

The Board of Directors of Bio-Works Technologies AB has decided to appoint Jonathan Royce as the new CEO of the Company. He will take up the position no later than August 1, 2020.

Jonathan most recently comes from Vironova AB where he is currently responsible for the Instruments Business Unit. Jonathan moved to Sweden in 2011 but was born and raised in New Hampshire USA. He began his career at Millipore in 1999 and joined GE Life Sciences in Westborough in 2007. He has held several positions in GE's bioprocess segment.

"In my opinion, Jonathan is a perfect leader for Bio-Works, a strong, energetic and driven character with broad experience in filtration and chromatography from the world's two leading companies in the field. Jonathan has a large network that will be invaluable to us, I am very pleased with this recruitment," says Peter Ehrenheim, Chairman of Bio-Works Technologies.

Peter Ehrenheim: "At the same time, the Board of Directors and I would like to thank Mats Johnson who has put Bio-Works onto the right strategic track and initiated the commercialization of our unique product portfolio. Mats has been an important key person in putting the company's structure and platform in place. Now we are setting out on the next step in Bio-Works development".

For more information, please visit Bio-Works website, www.bio-works.com or contact Chairman Peter Ehrenheim +4670 6675711 (peter@farjsundet.se).

This information is such that Bio-Works Technologies AB is obliged to disclose in accordance with the EU Market Abuse Regulation (MAR). The information was made available for publication by the above contact person on March 23, 2020 at 08:30 CEST

About Bio-Works

Bio-Works is a biotechnology company that develops, produces and sells innovative separation media based on agarose to purify proteins, peptides and other biomolecules. The company's products are mainly used to purify biological drugs and diagnostic products, from the research phase to large-scale production. The products are sold globally partly by the company's own sales organization and partly through distributors. Bio-Works facility is located in Uppsala Business Park in Uppsala, Sweden. The company's share is listed on Nasdaq First North. FNCA Sweden AB, +46 (0) 8-528 00 399, info@fnca.se, has been appointed Certified Adviser.
